The Companion Bible, by E.W. Bullinger, is the World's Best Study Bible on the words of Yahweh. “A revelation, in writing, is impossible apart from words; hence the importance of studying, not merely the Word as a whole, but the actual words in which it is given to us. When, of course, we speak of the ‘words’ it must be borne in mind that we mean Hebrew and Greek words¹.” The limitations of E.W. Bullinger writings are that he believed that the manifestation of spirit passed away with the old dispensation.²
